Section 1 - Product and Company Identification
Product Name: Multiple Affinity Removal Column 4.6x50mm Hu-PL7
Agilent Part Numbers: 5188-6409
Date Prepared: 12/12/2005
Distributed by: Agilent Technologies, Inc.
Logistics Center - Americas
500 Ships Landing Way
New Castle, Delaware 19720
USA Emergency Telephone Number: 1-302-633-8777
USA Information Telephone Number: 1-877-4Agilent
European Information Telephone Number: +49 (7243) 602 200
When Calling from Outside the USA Dial +11, then 1, then 302 633 8899

Section 2 - Composition/Information on Ingredients
The Multiple Affinity Removal column body is made of polyetheretherketone (PEEK) [31694-16-3], the Spin Cartridge body is made of polypropylene [9003-07-0] and they are packed with antibody modified polymeric media wetted by a buffered neutral salt solution containing phosphates; 0.02% sodium azide [26628-22-8] and Hu-PL7 resin, pH 7.4, in water. These antibody-modified media components have no CAS numbers assigned.

Chemical Families: Antibody-modified polymer in aqueous buffered salt solution with phosphates
Chemical Synonyms: None

Section 3 - Hazards Identification
No adverse human health effects have been observed upon exposure to the substances in this column.

Section 4 - First-Aid Measures
Inhalation: If breathing is difficult, move affected person to fresh air. Skin Contact: If irritation occurs, wash with soap and water. Eye Contact: If irritation occurs, irrigate the eyes with copious amounts of water by separating the eyelids with fingers. Ingestion: If swallowed, get medical attention immediately.

Section 5 - Fire-Fighting Measures
Extinguishing Media: Appropriate to surroundings. Special Fire Fighting Procedures: Wear full protective clothing and self-contained positive pressure breathing apparatus certified by NIOSH when fighting chemically related fires. Unusual Fire and Explosion Hazards: None

Section 6 - Accidental Release Measures
Wearing appropriate personal protective equipment, sweep up using a dust suppresser. Vacuum the remainder of the smaller quantities using a HEPA-type vacuum. Avoid inhaling dust. Place waste in a plastic bag or other suitable container and dispose of as residual waste. This material is not defined as hazardous waste by RCRA (40 CFR Part 261) and may be landfilled according to federal, state and local regulations.

DISCLAIMER: This Safety Data Sheet is offered without charge to the clients of Agilent Technologies. Data is the most current available to Agilent Technologies at the time of preparation and is issued as a matter of information only, no warranty as to its accuracy or completeness is expressed or implied.
Section 7 - Handling and Storage

Section 8 - Exposure Controls/Personal Protection
Ventilation: Adequate ventilation is required to protect personnel from exposure to chemical vapors or dusts exceeding PEL and to minimize fire hazards. See Section 15 for regulatory standards of exposure. Respiratory: Use NIOSH approved respirator equipment. See Section 15.
Eyes: Safety glasses are considered minimum protection. Chemical safety goggles or face shield may be necessary depending on quantity of material and conditions of use. Emergency eye wash fountains should be available in the vicinity of any possible exposure. Skin: Chemical-resistant protective gloves and clothing are recommended. The choice of protective gloves or clothing must be based on chemical resistance and other user requirements. Generally BUNA-N offers acceptable chemical resistance. Individuals who are acutely and specifically sensitive to this chemical may require additional protective clothing.

Section 9 - Physical and Chemical Properties
Flash Point (Method Used): NA Explosion Potential: LEL (NA)/UEL (NA)
Specific Gravity (H2O = 1): NA Melting Point (Degree F): NA
Evaporation Rate (n-butyl acetate =1 ) NA Boiling Point (Degree F): NA
Vapor Pressure (mm Hg at 25°C): ND Vapor Density (Air =1): NA
Odor Threshold: ND Octanol/Water Partition Coefficient: NA
Solubility in Water: Insoluble (X ) /Soluble ( )
Appearance and Odor: Columns, no odor.

Section 10 - Stability and Reactivity
Stability: Stable ( x ) / Unstable ( ) Conditions to Avoid: NA
Incompatibility (Materials to Avoid): NA
Hazardous Decomposition or Byproducts: NA
Hazardous Polymerization: May Occur ( ) / Will Not Occur ( x)

Section 11 - Toxicological Information
Route(s) of Entry: Inhalation? No Skin? No Eyes? No Ingestion? No
Health Hazard Acute/Chronic: No adverse human health effects have been observed upon exposure to the substances in this column.
Medical Conditions Generally Aggravated by Exposure: None known.

Section 12 - Ecological Information
Persistence/Degradability: ND
Biodegradability: ND
Bioaccumulation: NA

Section 13 - Disposal Considerations
Unused product is not hazardous as defined by RCRA (40 CFR Part 261). Unused material may be landfilled as a residual waste according to federal, state and local regulations.
Section 14 - Transport Information
DOT Regulations:  
Shipping Name: Non-regulated Material  
RID/ADR: NA  
ADNR: NA

IATA-DGR Regulations:  
Shipping Name: Non-regulated Material

Section 15 - Regulatory Information
Exposure Limits: There are no established exposure limits for the substances in the columns.

SARA Reporting: Section 302: None  Section 304: None  Section 313: None
OSHA Labeling Requirements: None

Section 16 - Other Information
Unless otherwise noted, the above information pertains only for the base material and similar types of components in the sample.
When no toxicity data is provided, it is prudent to handle this chemical as hazardous.
Furthermore, since individual chemical hypersensitivity cannot be predicted, every chemical should be handled with due respect.

KEY TO ABBREVIATIONS
ACGIH - American Conference of Governmental Industrial Hygienists'  
ADNR - Regulations concerning the carriage of dangerous goods on the Rhine  
CAS - Chemical Abstract Service  
DOT - US Department of Transportation 49 Code of Federal Regulations  
IARC - International Agency for Research on Cancer  
IATA-DGR - International Air Transport Association - Dangerous Goods Regulation  
LEL - Lower Explosion Limit  
NA - Not Applicable  
ND - No Data  
NIOSH - National Institute for Occupational Safety and Health  
NTP - National Toxicology Program  
OSHA - Occupational Safety and Health Administration  
PEL - Permissible Exposure Limit  
RID/ADR - Regulations Concerning the International Carriage of Dangerous Goods by Rail/European Agreement Concerning the International Carriage of Dangerous Goods by Road  
TLV - Threshold Limit Value  
TWA - Time Weighted Average  
UEL - Upper Explosion Limit
